Donald E. Paglia, M. D.
Department of Surgical Pathology
University of California, Los Angeles
Center for the Health Sciences
Los Angeles, California 90024

Dear Dr. Paglia:

The manuscript seems excellent to me. Everything seems to make good sense and I like the tabulation of the pathology and its discussion. I have really nothing to add except you did a great job.

Sincerely,

Lauren V. Ackerman, M. D.
Professor of Pathology
